Dear Mario Villeneuve,

Further to ongoing discussions regarding the Fire Protection Grant (2024-2025), I am writing to confirm that the fire service has agreed (in principle) to utilizing its additional grant allocation to support its intended purpose as outlined below.

The The Nation Municipality will be provided an additional amount of **\$361.73** to support the following approved project:

The funding will support the construction of a new Bunker Gear Room at a fire hall. This project is designed to significantly reduce exposure to harmful contaminants and address the critical need for effective cancer prevention measures within the fire service.

This aligns with the intended purpose of the Fire Protection Grant.

As part of this process, formalization of the additional grant allocation and a Transfer Payment Agreement is required and will be tabled by you for your municipal council at its next meeting.

The Office of the Fire Marshal will reach out to finalize and execute the Transfer Payment Agreement once municipal council has had the opportunity to approve your proposal for spending the additional funds provided.

Sincerely,
